PROFESSIONAL SUMMARY

BFA in Film and Television from NYU (August 2026). Game audio internships and game/audio QA. Sound design and implementation in Unity and Wwise, C# and C++. Production audio, ADR, dialogue edit, and mix from NYU. Git and Agile on a student game.

EDUCATION

New York University	New York, NY
Bachelor of Fine Arts in Film and Television	August 2026

EXPERIENCE

Video Editor	September 2025 – November 2025
Self-Employed	New York, NY

- Collaborated with a director and client to incorporate feedback throughout the editing process.
- Delivered rough drafts and final edits on schedule while meeting project expectations and quality standards.

Front End/Stocking Assistant	March 2020 – 2022
Kroger	Great Bend, KS

- Assisted customers with questions and purchases; kept inventory and the floor organized through opening and closing tasks.
- Collaborated with team members to complete daily department responsibilities.

PROJECTS

MazeWeb	<i>Designer / Programmer / Sound</i>
----------------	--------------------------------------

- Wrote random maze generation, controls, and win state in JavaScript. Unity WebGL builds the 3D world from that grid (prefabs, SendMessage).
- Original stem music and walking SFX. Extra layers fade by walkable-tile path distance to special tiles and the exit (not a straight line).

Group5 FPS	<i>Lead Programmer</i>
-------------------	------------------------

- Led three programmers on an 8-person Unity FPS: assigned work by strength, took a systems task, met ~3x/week, Discord between meetings. Designer came to me for tools and mechanics.
- Night-before QA with repro notes, 1:1s, then designer and group, then Git merge to main. Shipped MVP in 8 weeks.

Short Film	<i>Sound Design / Mix</i>
-------------------	---------------------------

- Dialogue edit (boom vs lav, L/J cuts), sound design and room tone on MOS, mix/master and music after picture lock.
- Script supervisor: continuity, production-sound notes, location wilds at wrap, DIT. Credits, color, shipped.

NYU Sight & Sound: Studio	<i>Production Audio / ADR</i>
--------------------------------------	-------------------------------

- Live multi-cam: wired lavs, watched levels in the booth, mixed live from the script (dialogue, FX, music), recorded split tracks.
- ADR in Pro Tools with picture: highlighted scripts, named files, talent in the booth.

SKILLS

Technical: Unity · UE5 · Wwise · Pro Tools · C# · C++ · Git · JavaScript

Audio: Sound design · Implementation · Mixing · Dialogue edit · Production audio · ADR

Phi Theta Kappa Honor Society (2022). English (Native).
