PROFESSIONAL SUMMARY

BFA in Film and Television from NYU (August 2026). Sound design and implementation in Unity and Wwise; production audio, ADR, dialogue edit, and mixing for film and live TV. Original music with Newgrounds Frontpaged tracks (2021, 2026). Also a programmer (C#, C++, JavaScript) with QA and Git experience on a student game.

EDUCATION

New York University — New York, NY
Bachelor of Fine Arts in Film and Television — August 2026

AUDIO PROJECTS

NYU Sight & Sound: Studio — *Production Audio / ADR*

- Live multi-cam: wireless lavs into a live mixer; set levels and FX before roll, then monitored and mixed from the script (dialogue, yells, slams, on-set FX, music). Recorded split tracks for editorial.
- ADR in Pro Tools with picture, a day or two after the shoot: highlighted scripts, named files, direction over comms, talent in the booth.
- Rotated through camera operator, stage manager, technical director, assistant director, director, and lighting director; also ran casting calls and rehearsals.

Short Film — *Sound Design / Mix*

- Dialogue edit (boom vs lav, L/J cuts), sound design and room tone on MOS shots from on-set recordings and library assets, mix/master and music after picture lock.
- Picture cut in Premiere with the director. Script supervisor: continuity, production-sound notes, location wilds at wrap, DIT and dailies. Credits added; color by the cinematographer; shipped.

MazeWeb — *Designer / Programmer / Sound*

- Original music stems mixed in JavaScript (ambient, special, exit) by walkable-tile path distance, so the mix signals where special tiles and the exit are. Walking SFX in Unity, timed to how long the player walks, with slight variation.
- Random maze generation and game logic in JavaScript; Unity WebGL builds the 3D maze in-engine from that data (SendMessage); React (Vite) for more UI.

Group5 FPS — *Lead Programmer*

- Led three programmers on a Unity FPS (6 students plus 2 leads) built in weekly sprints; owned version control and QA, with repro notes and 1:1s before each merge to main. Shipped MVP in 8 weeks.

ORIGINAL MUSIC

Solo music and sound design, posted on Newgrounds. Made in Logic Pro and Ableton with FabFilter, Soundtoys, NI Komplete, and Kontakt.

- **Aurora**, original synth orchestral piece: 8,645 listens, Frontpaged October 2021
- **Calm Down**, sampled breakcore: 4,686 listens, Frontpaged July 2026
- **Next Stop**, sampled breakcore: 4,746 listens, Frontpaged July 2026

EXPERIENCE

Video Editor — September 2025 - November 2025
Self-Employed — New York, NY

- Cut with a director and client through feedback; delivered roughs and finals on schedule.

2nd Assistant Camera — March 1-4, 2025
Ants Hill (thesis film) — Harlem, NY

- Assisted the 1st AC and cinematographer: DIT, batteries, slate, lens changes, video village.

Grip — November 24, 2024
Ti Blan (television pilot) — Brooklyn, NY

- Assisted camera; lighting setups with gaffers and grips; load-in/load-out; comms and set safety.

Front End/Stocking Assistant — March 2020 - 2022
Kroger — Great Bend, KS

- Customers, inventory, opening and closing; worked with the department to finish daily work.

SKILLS

Audio: Sound design · Implementation · Mixing · Dialogue edit · Production audio · ADR · Pro Tools · Reaper · Logic Pro · Ableton · FabFilter · Soundtoys · NI Komplete · Kontakt

Technical: Unity · Wwise · Unreal Engine (familiar) · C# · C++ · JavaScript · Git · QA

Other tools: Premiere · DaVinci Resolve · Avid · Microsoft 365

AWARDS & HONORS

Phi Theta Kappa (2022). Newgrounds Frontpaged (2021, 2026). Game Audio Conference Attendee (2021, 2025).
